STAGE INTRODUCTION

VERL WORKMEN

More than a tagline—***Predictable Greatness*** is a proven path to achieving consistent, sustainable success in both business and life.

I'm thrilled to introduce our next speaker, co-founder and CEO of Workman Success Systems, author, speaker, successful entrepreneur, and professional storyteller. Verl is the developer of the Workman Way and Predictable Greatness, specializing in business coaching. As a father, leader, and consultant, Verl's greatest accomplishments are best measured in the life balance of those he leads.

Please join me in welcoming Verl Workman to the stage!
